PART III—SPATIAL PLANNING

16. (1) The Directorate shall in collaboration with other county and national government departments prepare a ten year or a longer term county spatial plan with reference to any public land, community land or private land within town, urban area and trading or marketing center. Preparation of spatial plan
- (2) The spatial plan shall be prepared for the purpose of guiding and coordinating development of infrastructural facilities and services for an area under subsection (1), and for the specific control of the use and development of land or for provision of any land in such area for public purposes.
- (3) The spatial plan may: —
- (a) provide for long term or short term physical development for the purposes set out in the First Schedule in relation to each type of plan;
 - (b) provide for planning, re-planning, renewal, reconstructing or redeveloping the whole or part of the area comprised in the plan; and
 - (c) provide for controlling the order, nature and direction of development in such area.
17. The spatial plan shall consist of: — Contents of the spatial plan
- (a) the matters prescribed under the County Governments Act in regard to the content of county spatial plan;
 - (b) matters specified in the Second Schedule;
 - (c) a technical report on the conditions and facilities in the area;
 - (d) a statement of policies and proposals with regard to the allocation of resources and the allocations for development within the area;
 - (e) such description and analysis of the conditions of development in the area as may be necessary to explain and justify the statement of policies and proposals;

- (f) relevant studies and reports concerning physical development of the area;
- (g) maps and plans showing present and future land uses and development in the area; and
- (h) such other information as the executive member may prescribe.

18. (1) The Directorate shall, not later than thirty days after the preparation of the spatial plan publish a notice in the *Gazette* and in at least two local newspapers with widest circulation in the Kenya to the effect that the plan is open for inspection at the place and the times specified in the notice. Objections
- (2) The notice shall request any interested person who desires to make any representations against, or objections to the plan, to write to the Director not later than thirty days after the date of the first publication of the notice or such date as is specified in the notice.
- (3) The Director may in his discretion accommodate or decline to accommodate such representations or objections to the plan, and in either case, shall within thirty days of his decision, notify the petitioner in writing accordingly, and shall give reasons in the case of decline.
- (4) If the petitioner is aggrieved by the decision of the Director he may appeal against such decision to the Coordinating Committee.
- (5) A person who is aggrieved by a decision of the Coordinating Committee may appeal against such decision to the Environment and Land Court.
19. (1) If after the expiration of the thirty days no representations against, or objections to, the spatial plan have been made to the Director, the Director shall certify the plan in triplicate and submit the certified plans to the executive member for transmission to the county executive committee for consideration and adoption. Approval of spatial plan
- (2) The county executive committee may: —
- (a) adopt the spatial plan either without, or subject to, such conditions or modifications as it may consider necessary; or
 - (b) refuse to adopt it in which case it may require the Director to

prepare a new plan for its approval taking into account the proposed modifications or the grounds for its refusal.

(3) The county executive committee shall, within thirty days of adopting the spatial plan transmit it to the county assembly for consideration and approval.

20. The executive member shall, upon the approval of the spatial plan by the county assembly, publish a notice in the *Gazette* and in at least two local newspapers with widest circulation in the Kenya to the effect that the plan has been approved and may be inspected in such a place and at such times as stipulated in the notice. Publication

21. (1) The Director, may from time to time and in such manner as may be prescribed, submit to the executive member proposals for the revocation or modification of the spatial plan on either or both of the following grounds:— Amendments to a spatial plan

(a) that there are practical difficulties in the execution or enforcement of the approved plan;

(b) that there has been change of circumstances since the plan was approved.

(2) The Executive Member shall publish in the *Gazette* a notice of the proposed revocation or modification of the physical development plan stating the period within which representations or objections to the proposed modification or revocation may be made to the Director.

(3) If after the expiration of the period specified in the notice no representations or objections have been made to him under subsection (2), the Director shall submit the proposed modification or revocation of the plan to the executive member for transmission to the County Executive Committee for consideration and adoption.

(4) The County Executive Committee may adopt or reject the proposed revocation or modification of the plan.

(5) Where the County Executive Committee adopts the revocation or modification to the plan, it shall submit it to the county assembly for

approval.

- (6) Where the proposed revocation or modification has been approved under subsection (5), the Executive Member shall not later than sixty days after the approval, publish in the *Gazette* a notice of such revocation or modification of the plan.

22. (1) The Executive Member may, by notice in the *Gazette*, declare an area with unique development potential or special economic interests or problems as a special planning area for the purpose of preparation of a spatial plan. Special planning area
- (2) Subject to subsection (3), the executive member may by notice in the *Gazette*, suspend for a period of not more than two years, any development he deems necessary in a special planning area until the spatial plan in respect of such area has been approved by the county assembly.
- (3) Where, before the declaration of a special planning area under subsection (1), a development permission has been granted by for development in the area such permission shall not be affected by the suspension if the development in respect of which the permission is granted has been commenced not less than six months before the suspension of development of the kind in the special planning area.
23. The Directorate shall: — Implementation and compliance
- (a) ensure and facilitate the implementation of the spatial plan;
- (b) ensure maximum compliance with the spatial plan and all the requirements with this Act.
24. (1) The Directorate shall prepare an annual physical planning report which shall be submitted to the County Executive Committee for consideration. Reporting
- (2) The report shall contain among others the following information:—
- (a) the level and extent of compliance with the Act;
- (b) measures taken by the directorate to facilitate implementation and

- compliance with the Act;

**LONG-TERM, SHORT-TERM, RENEWAL AND RE-
DEVELOPMENT PLANS**

A—LONG-TERM PLAN

Purpose

1. The purpose of long-term plans include—
 - (a) interpreting regional or zonal physical development policies in terms appropriate to the local area;
 - (b) articulating the aims of the county government for the area together with strategies, policies and general proposals which are intended to achieve those aims;
 - (c) providing a framework for detailed policies and proposals for subsequent short-term plans for the area;
 - (d) indicating action area for immediate development or redevelopment;
 - (e) providing a coordinated basis upon which various implementing agencies can develop their individual programmes of work for which they have executive responsibility, for example, housing, transportation, water supply, electricity supply, sewerage developments, etc.;
 - (f) showing amount of land sufficient to accommodate growth of the county over a period of twenty to thirty years; and
 - (g) outlining the transportation and communication networks to serve the area over a period of twenty to thirty years.

Content of the Plans

2. (1) Statement of problems and objectives which include — (a) main problems of the local area for example, housing, unemployment, traffic congestion, pollution, land tenure, lack of services, bad terrain or soils, etc., all based on a preliminary

reconnaissance of the local area;

(b) opportunities of the local area, for example, tourism, fishing, manufacturing; and

(c) main objectives of the plan to alleviate the local area problems and maximize utility of any specific opportunities.

(2) Physical analysis which include—

(a) general statements on the terrain, soils and climate together with illustrations using maps and charts to show what areas are physically suitable for development;

(b) existing land uses and development potential pattern of development, land tenure system and cadastral outlay of all development.

(3) Population and economic base which include —

(a) population growth migration, density, and distribution, age and sex structure, household sizes and rates of household formation;

(b) employment and incomes including where people go to work and what trend and problems there are in relation to services;

(c) agricultural potential of the urban region showing various agricultural activities and the process as well as problems of transforming the agricultural land into urban use;

(d) peri-urban slum settlements and problems they pose;

(e) potential, distribution and size of service centres within and outside the urban boundary together with evaluation of urban boundary extension;

(f) evaluation of the importance of such factors as commerce and tourism within extended areas of the township administration;

(g) housing occupancy rates, accommodation density, housing

requirements, type of residential areas and industrial locations; other social aspects including education, recreation areas and other public purpose land uses

(4) Communication and services which include—

(a) historical pattern and condition of communications networks such as roads, footpaths, cycle ways, railway lines, depots, water ways; and

(b) historical patterns and conditions of water and sewerage networks including plan programmes.

(5) Power and telephone lines which must be analyzed with respect to their wayleaves requirements.

(6) Land use projection tables which include a master table showing the relationship of existing population and land uses to realistic projections.

(7) Maps and development models which include—

(a) existing situation and sieve maps of the physical constraints or thresholds to development;

(b) existing land use maps;

(c) development model map showing land use designation and distribution alongside a clear transport and communication network.

B—SHORT-TERM PLANS

3. Short-term plans are of the following types—

(a) Action area plans, for comprehensive planning of areas selected for intensive development, which is to commence within a specified period.

(b) Subject Plans, for detailed treatment of a particular planning aspect, for example, residential, transportation, water supply, sewerage, in part or all of a long-term plan.

(c) Advisory or zoning plans, indicating permitted subdivision, use and density of development.

(d) Part developments plans, indicating precise sites for immediate

implementation of specific projects including land alienation purposes.

- (e) The form and content of short-term plans differ with plan types and in most cases will reflect details and proposals of a long-term plan, where it exists.

However, the most important considerations in their preparation shall be—

- (a) an assessment of immediate land requirement to accommodate specific population needs as they arise for a period of three to five years;
- (b) detailed allocation of the land requirements to various land uses taking into account compatibility of adjoining land uses and conforming with a long-term plan proposals for the area; and
- (c) Identification of authorities to service and/or develop the various land use allocations.

Except for part development plans, other short-term plans may be prepared by commissioned registered physical planners. In order to ensure that plans prepared by registered physical planners conform to long-term plans prepared by the Directorate, all such plans must have a seal of approval of the Directorate before their implementation.

C—RENEWAL OR REDEVELOPMENT PLANS

4. (1) The purpose of renewal or redevelopment plans include— (a) providing a broad land use framework illustrating a coordinated policy of renewal and guiding both public and private redevelopment activities;
- (b) providing a road pattern and traffic networks designed to improve vehicular access and parking space and also facilitate segregation of vehicles and pedestrians;
 - (c) providing a basis for determining development applications on extensions of leases, extension of users and change of users.
- (2) The form and content of renewal plans include a set of written statements and land use maps whose details are outlined below— *Content of*

Renewal Plans

Land use pattern analysis:

- (a) The analysis must deal with policy statements and land use proposals to facilitate—
 - (i) conservation of areas whose historic, architectural, or commercial values are relatively high;
 - (ii) improvement of general up-grading of areas whose existing conditions are desirable; and
 - (iii) comprehensive cumulative redevelopment of areas whose conditions are undesirable.

(b) Traffic systems:

This analysis should comprise policy statement and land use proposals for—

- (i) safe pedestrian movement; (ii) easy access to buildings;
