**COUNTY ASSEMBLY OF SAMBURU**  
**THIRD ASSEMBLY**  
**(SECOND SESSION)**  
**REQUEST FOR STATEMENTS**

---

**Honorable Speaker,**

Pursuant to Standing Order 45(c), I wish to request for a statement from the Chairperson of the sectorial Committee on Environment, Water and Natural Resources regarding the Drilling and Equipping status of Lorok Onyekie Borehole for the Financial Year 2021/22 and Nairimirimo Water Extension.

**Honorable Speaker,**

The ASAL region of Kenya has endured three severe droughts in the last decade (2010-2011, 2016-2017 and 2020-2022). The current drought (2020 - 2022) has been the most severe and longest with widespread livelihood losses and massive displacement of populations.

**Honorable Speaker,**

Droughts and other severe climate conditions have greatly affected Kenyan farmers, many of whom have suffered the loss of their livestock and markets due to disease and malnutrition. Households are also facing rising food prices, limiting their access and consumption of food staples such as milk, maize and beans. In addition, the country's recent general elections have disrupted the operations of county governments, leaving several vulnerable communities in drought-affected areas without adequate financial or political support

**Honorable Speaker,**

In the statement, the Chairperson should inquire into and report on;

- 1. The budget allocated to the two projects**
- 2. Completion status of the two projects**
- 3. Completion certificate if any of the projects mentioned**
- 4. when is the contractor going to commence the work?.**
- 5. The Name of the Project's Contractor**

**SIGN.....**

**HON. LENTUKUNYE CHRISTOPHER**  
**MCA-WAMBA NORTH WARD**

**DATE.....**
