

COUNTY GOVERNMENT OF SAMBURU
COUNTY ASSEMBLY OF SAMBURU
THIRD ASSEMBLY –FOURTH SESSION

Request for Statement

Honorable Speaker,

Pursuant to Standing Order 45(c), I rise to request a statement from the Chairperson of the Committee on Lands, Physical planning urban development and Housing regarding the planning and survey of Loosuk Town in Samburu County.

Honorable Speaker,

This inquiry seeks to address several pressing concerns related to the town's development, allocation of plots, revenue collection, and overall governance of land use within the town.

Honorable Speaker,

The residents of Loosuk Town, as well as the wider community, deserve clarity on these issues to ensure that land allocation and town planning are being handled in a fair, accountable, and efficient manner

Honorable Speaker,

Loosuk Town has seen considerable growth in recent years, and with that growth comes the responsibility of ensuring that the town's planning and land management are handled efficiently, transparently, and with a long-term vision in mind. It is crucial that the planning process is well-

structured to accommodate both the residential needs of our citizens and the commercial development necessary to stimulate the local economy. To that end, I kindly request that the Chairperson of the Committee on Lands provides the following comprehensive details

Honorable Speaker,

In view of this, the Chairperson should inquire into and report on;

1. The current status of the planning and survey of Loosuk Town? Has the town been surveyed and properly mapped out for both residential and commercial purposes?
2. The total number of plots in Loosuk Town? Please provide a classification of the plots, distinguishing between those allocated for residential use and those allocated for commercial activities.
3. Criteria used to allocate plots within Loosuk Town? Additionally, could you clarify who is responsible for the allocation of these plots,
4. THE total amount of revenue collected from Loosuk Town in relation to plot allocation and other related fees? Provide details on the various streams of revenue associated with land use in the town.
5. Why is cash being used as form of revenue collection in Loosuk Town, despite the county's implementation of automated revenue collection systems? What measures are in place to ensure accountability and transparency in revenue collection processes?

Thank you, Honorable Speaker.
