

REPUBLIC OF KENYA

THE SAMBURU COUNTY ASSEMBLY
THIRD ASSEMBLY
(FOURTH SESSION)
REQUEST FOR STATEMENTS

Hon. Speaker,

Pursuant to **Standing Order 47**, I rise to request a statement from the **Chairperson of the Sectoral Committee on Public Works, Roads and Transport** regarding the current state of the **Milimani-Yamo Road in Maralal Ward**.

Hon. Speaker,

It has come to the attention of the public and this House that the contractor undertaking piping works from **Yamo Dam**, a **National Government project**, has extensively damaged the **Milimani-Yamo Road** during the course of the works. The road, which serves as a **critical access route** for residents of Milimani and surrounding areas, has become **nearly impassable—especially during the rainy season**.

In addition, **along the same road**, the contractor has **destroyed household water connection pipes** that supply families with water from the **Milimani main borehole**, resulting in **interruption of access to clean and safe water** for several homes. This has caused untold suffering and inconvenience to residents who now lack a basic essential service.

This situation raises serious concerns about **inter-agency coordination, protection of public infrastructure and essential services**, and the need for **enforcement of restoration and compensation obligations** where public and community assets are damaged by third-party projects, including those implemented by the National Government.

Honorable Speaker, the following legal frameworks apply:
